Good morning John.

Attached are some other documents you might find helpful. One of them is about vendor and supplier opportunities for local businesses. Last December we held what we called "construction expos" up and down the route -- two in NC -- to meet potential local suppliers of goods and services. The unions were also there to collect resumes and contact information from people who were interested in working on construction.

In terms of timing, we are looking to begin tree felling this fall with construction starting in earnest in the spring.

Regards,

Bruce

Hi John. Please take a look at the attached document. I'd be happy to get on the phone tomorrow and talk through any of it if you would like.
